

# USAID | WEST BANK/GAZA

FROM THE AMERICAN PEOPLE

January 21, 2009  
2009-WBG-07

To: USAID/West Bank and Gaza Contractors, Grantees and Recipients

Subject: 90-day blanket Source, Origin and Nationality Waiver for the procurement of commodities and services limited to the Mission's Emergency Assistance for Gaza.

Reference: Mission Director's approval dated January 16, 2009.

Dear Implementing Partners:

The purpose of this letter is to inform you that as part of the Mission's emergency response to the crisis in Gaza, the Mission Director has approved the following:

1) Commodities for assistance for Gaza:

A source, origin and nationality waiver to authorize procurement of non-restricted and eligible commodities for assistance for Gaza from Geographic Code 935, and an approval for the procurement of selected ineligible commodities listed in Annex 1;

2) Services for assistance for Gaza:

A nationality waiver for services for assistance for Gaza from Geographic Code 000 to Geographic Code 941 and the Cooperating Country.

This waiver is subject to the limitations and other conditions listed below. This approval allows the Mission's implementing partners to procure commodities and acquire the services from the above listed authorized Geographic Codes for assistance for Gaza without requesting a separate waiver for each activity.

Use of the waiver is contingent upon the following conditions and limitations:

- This blanket waiver will be limited in duration for 90 calendar days from the date of approval. This waiver is therefore effective as of January 16, 2009 through April 16, 2009.
- This waiver is applicable only for procurement of commodities and services for assistance for Gaza.
- This waiver does not override the need to comply with the requirements of USAID's Automated Directives System (ADS) section 312 with respect to restricted commodities such as motor vehicles, pharmaceuticals, and agricultural products, among others listed in ADS 312.

- Except for those ineligible items listed under Annex 1 which have been approved during the 90-day period, this waiver does not permit the procurement of additional ineligible commodities described in the Commodity Eligibility List, which is a mandatory reference to ADS 312. The Commodity Eligibility List must be consulted to ensure that items are eligible for procurement. Separate waivers would need to be sought on a case-by-case basis in order to procure any additional ineligible items beyond those detailed in Annex 1.
- To the extent possible, preference should still be given to procurements of commodities and services of U.S. source, origin, and nationality where doing so will not cause undue delay in delivering the necessary results on the ground over the period of this waiver.
- Procurements may be made under this waiver authority only if the scope of work/program description and availability of funds for the specific acquisition/assistance instrument allows for such procurements to provide assistance for Gaza during the specified 90 day period.
- Acquiring services of a supplier beyond Geographic Code 941 or the Cooperating Country nationality will still require prior approval of USAID for a waiver under 22 CFR 228 subpart F on a case-by-case basis.
- All other terms and conditions of the specific agreements with USAID remain in effect, including without limitation the requirements set forth in Mission Order 21 dated October 3, 2007.

Should you have any questions regarding this letter please feel free to contact Ms. Reine Joubran, Acquisition Supervisor at [rjoubran@usaid.gov](mailto:rjoubran@usaid.gov).

Sincerely,

Roy Plucknett  
Director, Office of Contracts Management  
USAID / West Bank and Gaza

Attachment: Annex 1- A list of approved ineligible commodities for Mission's Emergency response in Gaza
